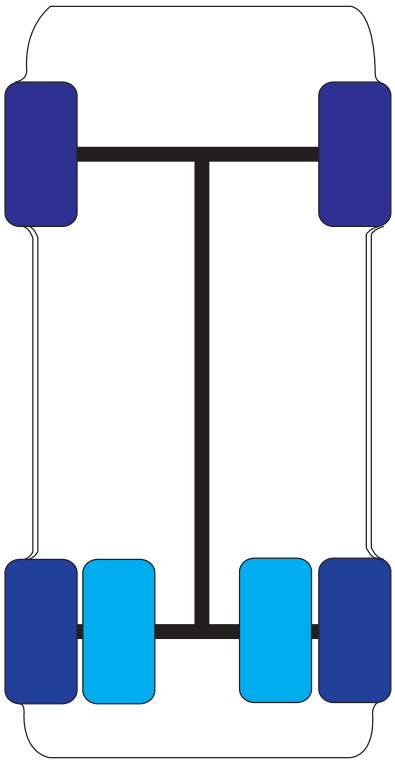
2014 Dodge Ram Dually Sensors

Release Date: July 1, 2014

TRW OE Part #68239729AA

TRW OE part #68239729AA is the sensor fitted to the outside rear wheel on dually Dodge Ram trucks as well as fitted on the front wheels/axle. Note that these are metal valve equipped sensors.

Replacement Metal Valve TR543C with a machined tab for sensor mounting; not a "standard" TR543C



TRW OE Part #68239725AB

TRW OE part #68239725AB is the sensor fitted to the inside rear wheel on dually Dodge Ram trucks. Note that this is the only snap-in/rubber valve application on the vehicle. All other sensors are metal valve equipped sensors (see below).

BE ADVISED:
Standard TR543C has no machined tab at its base for sensor mounting

Part #TR543C
