

# EZ-sensor<sup>®</sup> PAD

PN 7028

## SCHRADER EZ-SENSOR<sup>®</sup> PAD

Schrader's new programming and diagnostic handheld/desktop pad is designed to exclusively program EZ-sensor<sup>®</sup> and diagnose all OE TPMS sensors. Despite its small size and weight, the EZ-sensor<sup>®</sup> PAD excels in programming speed and reliability.

### ▶ QUICK AND EASY

Highly responsive and user-friendly programming

### ▶ HIGHEST NEW VEHICLES COVERAGE

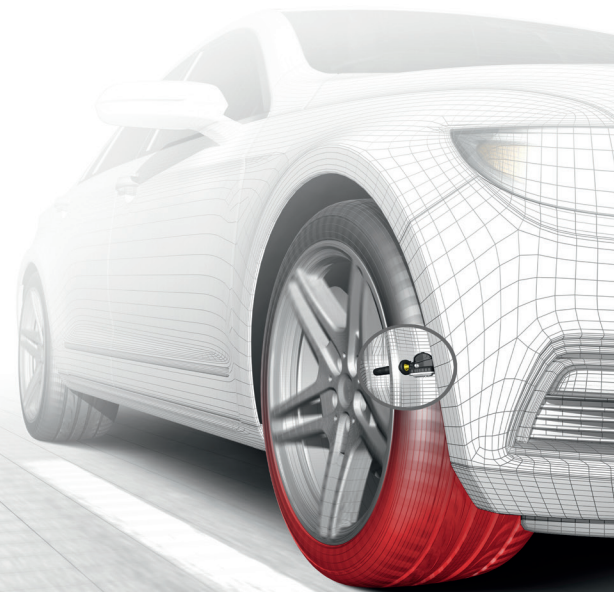

Software updates are available LIVE, immediately after their development and always free of charge

### ▶ DEVICE FRIENDLY

Can be paired with mobile (IOS and Android), tablet or desktop devices

### ▶ LONG BATTERY LIFE

8 hours battery life, programs up to 120 sensors with a full battery

# EZ-sensor<sup>®</sup> PAD

PN 7028

## USING EZ-SENSOR<sup>®</sup> PAD:

EZ-sensor<sup>®</sup> PAD is used in combination with the free Schrader TPMS app available for Android, IOS (through Bluetooth connection) and for Windows PC (with USB cable).

Registration for the Schrader TPMS app must be completed before using the EZ-sensor<sup>®</sup> PAD.

## THE EZ-SENSOR<sup>®</sup> PAD

Programs EZ-sensor<sup>®</sup> to the specific Make, Model and Year required and diagnoses all OE TPMS sensors.

## INCLUDED IN THE BOX:

- ▶ EZ-sensor<sup>®</sup> PAD PN 7028
- ▶ USB Cable
- ▶ User Manual
